## Education

UNIVERSITY OF CAPE TOWN. Cape Town, South Africa 2012-2018

**PhD**, Department of Biological Sciences

Thesis: Diversity and biogeography of Madagascan bryophytes with an analysis of taxic and functional diversity along an elevational gradient in Marojejy National Park Madagascar <http://hdl.handle.net/11427/29263>

UNIVERSITY OF ANTANANARIVO. Antananarivo. Madagascar 2008-2009

**MSc**, Department of Plant biology and Ecology

Thesis: Inventaire biologique et typologie de la forêt communautaire de Marovato, Midongy du Sud, Madagascar

[http://biblio.univ-antananarivo.mg/pdfs/marlineLovanomenjanahary\\_SN\\_M2\\_09.pdf](http://biblio.univ-antananarivo.mg/pdfs/marlineLovanomenjanahary_SN_M2_09.pdf)

UNIVERSITY OF ANTANANARIVO. Antananarivo, Madagascar 2004-2007

**BSc** (Maîtrise de Recherche), Department of Plant biology and Ecology

## Research experience

**Associate research fellow** – Biogeography and taxonomy of African Bryophyte, Royal Botanical Garden, Kew UK | Kew Madagascar Conservation Centre | [Association Vahatra](#), Antananarivo Madagascar Jan 2023-present

**Postdoctoral research fellow** - Bryophyte, tropical mountain ecology and climate change Aug 2020-Jan 2023  
Royal Botanical Garden, Kew UK ([Antonelli Lab](#)) | Kew Madagascar Conservation Centre [Association Vahatra](#), Antananarivo Madagascar  
[Advisors: Prof. Alexandre Antonelli, Prof. Steve Goodman]

**Lecturer** - Life history theory in Principles of Ecology and Evolution 2020  
Department of Biological Sciences, University of Cape Town, South Africa

**Postdoctoral Research fellow** - Bryophyte edaphic specialization and dispersal ability in the dry and arid region of Madagascar Dec 2018-Jan 2020  
Department of Biological Sciences, University of Cape Town, South Africa  
[Advisor: Prof. Terry Hedderson]

**Research Assistant** - Identification of bryophytes collected in Uganda Jul-Sept 2018  
Nees Institute for Biodiversity of Plants, University of Bonn, Germany  
[Principal investigator: Prof. Dietmar Quandt]

**Research Assistant** - Allometric model for tree stem volume and biomass Feb 2018  
Forestwood project, University of Pretoria. Pretoria, South Africa  
[Principal investigator: Dr. Coert Geldenhuys]

**Intern** - Phylogeny and taxonomic revision of moss genus *Breutelia* Sept-Oct 2017  
Nees institute for Biodiversity of Plants, University of Bonn, Germany  
[Advisors: Prof. Dietmar Quandt, Prof. Terry Hedderson]

**Research Assistant** - Creation of the taxonomic index and data bases for the Bryophytes of Madagascar Feb-Jul 2011  
UMR-PVBMT, University of Réunion Island, France  
[Principal investigators: Dr. Claudine Ah-Peng, Prof. Dominique Strasberg]

# Publications

## Peer-Reviewed Journal Articles

Randrianarimanana R, Reeb C, Rakotondrainibe F, Boucheron-Dubuisson E, **Marline L**, Rakotoarinivo M. 2024. Diversity and distribution of ferns (Filicophytes) and horsetails (Lycophytes) in the East canyons of Isalo National Park, Madagascar. *Plant Ecology and Evolution* 157(1): 3-9. <https://doi.org/10.5091/plecevo.101827>

**Marline L**, Randrianarimanana R, Patel E. 2023. Elevational variation of temperature and relative humidity on Marojejy National Park, Madagascar. *Malagasy Nature* 17: 32-40. [http://www.vahatra.mg/volume17/mn17\\_chapter02.pdf](http://www.vahatra.mg/volume17/mn17_chapter02.pdf)

Randrianarimanana R, Wilding N, Pócs T, Ah-Peng C, Andriamiarisoa RL, Hedderson TAJ, **Marline L**. 2023. A checklist of the mosses and liverworts of the Parc National de Marojejy, northeastern Madagascar. *Malagasy Nature* 17: 88-101. [http://www.vahatra.mg/volume17/mn17\\_chapter05.pdf](http://www.vahatra.mg/volume17/mn17_chapter05.pdf)

## Book chapters

**Marline L**, Ah-Peng C, Hedderson TAJ. 2022. Bryophytes: diversity, endemism, and phytogeography. In *The New Natural History of Madagascar*, S.M. Goodman, Ed. Princeton University Press, Princeton. pp. 510-520. <https://doi.org/10.2307/j.ctv2ks6tbb.62>

**Marline L**, Ah-Peng C, Hedderson TAJ. 2022. Checklist of the bryophytes of Madagascar. In *The New Natural History of Madagascar*, S.M. Goodman, Ed. Princeton University Press, Princeton. pp. 521-537. <https://doi.org/10.2307/j.ctv2ks6tbb.63>

## Late-stage manuscripts

Marline L, Andriamamonjy, MH, Gupta P, Rakotomavo Z, Randrianarimanana R, Zjhra M, Geizer L. Investigating air pollution pattern in Antananarivo, Madagascar: A Comprehensive analysis Integrating ground and satellite-based Measurements. (In prep)

## Presentations

Marline L, Akita LG, Anyanwu IN, Dimobe K, Gonçalves FM, Guuroh RT. 2020. Addressing climate change in Africa: challenges and the way forward focus on biodiversity and ecosystem functioning. Virtual DAAD climapAfrica conference. <https://doi.org/10.13140/RG.2.2.13033.72809> [Poster]

Marline L, Ah-Peng C, Flores O, Hedderson T. 2019. A trait-based approach to assess functional responses of epiphytic liverworts to environmental gradients. 3<sup>rd</sup> Island Biology, University of La Réunion, Saint Denis, La Reunion. [Oral presentation]

Marline L, Hedderson T, Ah-Peng C. 2019. Bryophyte diversity and range distributions along an elevational gradient in Marojejy, Madagascar. 56<sup>th</sup> Annual meeting for Tropical Biology and Conservation, Antananarivo, Madagascar. [Poster]

Marline L, Ah-Peng C, Hedderson T. 2014. Determining the factors affecting the diversity and distribution of bryophytes in Madagascar under a changing environment. Botanists of the Twenty-first Century: Roles, Challenges and Opportunities, UNESCO Headquarters, Paris, France [Poster]

Marline L, Ah-Peng C, Hedderson T. 2014. Pattern of diversity and distribution of liverwort along an elevational gradient. XXth AETFAT Congress, Music Conservatoire, Stellenbosch, South Africa. [Oral presentation]

Marline L, Ah-Peng C, Bardat J, Hedderson T, Reeb C, Strasberg D. 2011. Diversité, distribution et conservation des bryophytes de Madagascar. Colloque FRB-AIRD-CNRS: La Biodiversité des Iles de l'Océan Indien. Paris, France. [Poster]

Marline L, Bardat J, Chuah-Petiot M, Descamps-Julien B, Goodman S, Hedderson T, Strasberg D, Ah-Peng C. 2010. Bryophytes of Madagascar. 19th AETFAT Congress. Antananarivo Madagascar. [Poster]

## Teaching

Instructor - MSc Field Course to Madagascar. Royal Botanic Gardens, Kew; Queen Mary University of London and Kew Madagascar Conservation Centre	2023
Lecturer - 2 <sup>nd</sup> year courses (BIO2014F): Life history theory in Principles of Ecology and Evolution. Department of Biological Sciences, University of Cape Town, South Africa	2020
Instructor: Workshop in tropical bryology. University of La Réunion, France	Jan-Mar 2020
Demonstrator - 3 <sup>rd</sup> year courses: Applied biology. Department of Biological Sciences, University of Cape Town, South Africa	2016
Guest lecturer: Use of bryophytes to understand ecosystem functioning. Biological Sciences Department, University of Cape Town, South Africa	2015
Demonstrator - 2 <sup>nd</sup> year courses: Plant biology and systematic. Botany department, University of Antananarivo, Madagascar	2008

## Research funding and grants

### As principal investigator

Jennifer Ward Oppenheimer Research Grant (JWO): Bioindicators of biodiversity, air quality and climate change: leveraging non-charismatic groups, bryophytes, and lichens, in the tropical Afro-Malagasy Region. (\$ 150,000)

*Association Vahatra, Antananarivo, Madagascar (2023-2025)*

Regional Environment Officers (REO) small grants program - US Department of State: Community Scientist Mapping of Airborne Fine Particulate and Metals in Antananarivo, Madagascar using Mosses and Low-Cost Sensors. (\$ 15,450)

*Association Vahatra, Antananarivo, Madagascar (2022-2023)*

**National Geographic Society** - Biodiversity Exploration and Discovery: Discovering bryophytes in the high mountains of Madagascar: diversity, distribution pattern and responses to climate change. (\$ 47,255)  
*Association Vahatra, Kew Madagascar Conservation Centre, Antananarivo, Madagascar (2021-2022)*

**Royal Botanic Gardens, Kew & Antonelli lab.** Postdoctoral fellowship. (\$ 21,456)  
*Kew Madagascar Conservation Centre, Antananarivo, Madagascar (2020-2023)*

**NGO Lemur Love:** Impacts of covid-19 on Malagasy in STEM. (\$ 1,800)  
*Association Vahatra, Antananarivo, Madagascar (2020-2021)*

**DAAD ClimapAfrica Program** - Climate change research program for future leaders in the field of climate research and protection. Postdoctoral fellowship. (\$ 31,300)  
*Association Vahatra, Antananarivo, Madagascar (2020-2022)*

**Schlumberger Foundation, Faculty for the Future Program (FTFF).** Postdoctoral Fellowship for women in STEM. (\$ 28,500)  
*University of Cape Town, Cape Town South Africa (2019)*

**International Foundation for Science (IFS)** - Individual Research Grant: Diversity and biogeography of bryophytes with an analysis of species and functional diversity along vegetation gradient in Madagascar. (\$ 9,700)  
*University of Cape Town (2018-2020)*

**Organization for Women in Science for the Developing World (OWSD).** Postgraduate Training Fellowships for Women in science. (\$ 83,800)  
*University of Cape Town, Cape Town South Africa (2012-2016)*

**International Foundation for Science (IFS)** - Individual Research Grant: Factors affecting diversity and distribution of bryophytes in Madagascar under a changing environment. (\$ 9,881)  
*University of Cape Town, Cape Town, South Africa (2012-2013)*

**Bourse du Gouvernement Français (BGF):** University of La Réunion, France. Research stay. (\$ 4,500) (2011)

**Bourse du Gouvernement Français (BGF):** University of La Réunion, France. Research stay. (\$ 4,500) (2010)

### As co-applicant

**JRS Biodiversity Foundation:** Mobilizing and making data available for identification, taxonomy, socioeconomic importance, and conservation assessment of Bryophytes in Benin (\$ 249,966)  
*University of Abomey-Calavi, Benin (2023-2025)*

**Royal Botanic Gardens, Kew Pilot Study Fund:** B-SPORE, Blooming of the Science and Preservation of Spore bearing plants (£ 5,000)  
*Royal Botanic Gardens, Kew, UK (2022)*

## Awards

**Green talent Award 2014:** International Forum for High Potentials in Sustainable Development, award from the German Federal Ministry of Education and Research.

[https://www.greentalents.de/awardees\\_awardees2014\\_lova-marline.php](https://www.greentalents.de/awardees_awardees2014_lova-marline.php)

## Career development courses

Media training. Lefevre Media Ltd ([www.lefevremedia.co.uk](http://www.lefevremedia.co.uk)). Royal Botanic Gardens, Kew, UK Oct 2022

Ecophysiology of plant growth (photosynthetic activities and responses to temperature and increasing atmospheric CO<sub>2</sub>). CIRAD, University of La Réunion, France Jan 2020

Tropical Biology association (TBA), Training course: using R for analysis of conservation science data. University of Cambridge, UK Mar 2018

Tropical Biology association (TBA), Training course: communication and publishing skills for African conservation scientists. University of Cambridge, UK Mar 2017

Molecular and evolutionary biology: DNA extraction/PCR, phylogenetic construction and phylogeographic analyses. Nees Institute, University of Bonn, Germany Nov 2015-Jan 2016

R course on Phylogenetics and Spatial Ecology. University of Cape Town, SA	Jun 2011
Initiation and training on tropical bryophytes identification. University of La Réunion, France	Aug-Oct 2010
Tropical Biology Association (TBA), Field course in Kirindy forest, Madagascar	2010

## Services

### Scientific collaborations

BRYOBEN: Mobilizing and making data available for identification, taxonomy, socioeconomic importance, and conservation assessment of Bryophytes in Benin. Main collaborator (2022-2025)

BSPORE: Evolution and mechanisms of desiccation tolerance and longevity in plant propagules (Royal Botanic Gardens, Kew). Main collaborator (2021-2022)

MADBRYO: A collaborative project on the bryophytes of Madagascar. <https://www.madbryo.org>. Steering committee member (2018-Present)

MOVECLIM: MONTane VEgetation as listening posts for CLIMATE change (La Réunion, Guadeloupe, Azores, La Palma and Tahiti). <http://moveclim.blogspot.com>. Team member, PhD student (2012-2016)

BRYOLAT: Altitudinal and latitudinal gradients of bryophyte communities in the Western Indian Ocean (Mascarenes, Madagascar, Comoros, and Kenya). Team member, in charge of bryophytes collected in Madagascar (2007-2010)

**Completed peer reviews:** Acta Innovations Journal (1); Ecology and evolution (3); New Phytologist-Tansley review (1); Cryptogamie bryologie (2); Bryophyte diversity and evolution (1)

**Event organization** Webinar International Humboldt day - Highlighting research on Madagascar. (International Society of Biogeography) (Sept 2020)

### Other appointments

- Association for Tropical Biology and Conservation: Grants and Awards Committee (2023-2025)
- IUCN Species Survival Commission: Bryophyte Specialist Group (2021-Present)
- IUCN Species Survival Commission: Madagascar Plant Specialist Group (2020-Present)
- Working group Climate Africa, biodiversity, ecosystem, and forests: Chairperson (2020-2022)
- Association for Tropical Biology and Conservation, Africa chapter: Southern-African countries representative. (2019-2022)
- Membership committee: Association IkalaStem, Madagascar. (2018-2020)

### Membership of professional bodies

- Gothenburg Global Biodiversity Centre (GGBC)
- Association for Tropical Biology and Conservation (ATBC) / ATBC-Africa chapter
- Organization of Women in Science for the Developing World (OWSD)
- Society for Island Biology
- Association IkalaStem - Malagasy women in STEM promoting Science and Education. (2018-2020)

## Personal details

Malagasy citizenship

Languages: Malagasy, English, French (fluent); Botanical Latin (basic level)

## Referees

- Prof. Alexandre Antonelli, Royal Botanic Gardens, Kew, UK. [a.antonelli@kew.org](mailto:a.antonelli@kew.org)
